Dear Ms. Bacon:

This is submitted in response to the Request for Information dated November 15, 2005 referencing the October Quarterly Report for the period July 1, 2005 through September 30, 2005.

Pursuant to my conversation with you prior to filing the aforementioned report, I informed you that the Committee had inadvertently received and accepted several contributions from individuals that exceeded the limit. You directed me to state in the reference line for each contribution the date that the refund was made although the refund could not be reported on a line item as the date was not within the time frame of the reporting period. I therefore made the notation and understood that the refunds wer to be filed in the subsequent report, the year end filing. The following contributors received refunds subsequent to the October Quarterly filing and were notated in the report:

- 1) John Bantivoglio: refund submitted on 10/12/05 in the amount of \$2000 and again on 10/13/05 in the amount of \$1,800,
- 2) Thomas Maddox: refund submitted 10/12/05 in the amount of \$800
- 3) Anthony O'Donnell: refund submitted 10/5/05 in the amount of \$4,200

Additionally, Steven Batzer's excess contribution of \$500 in the Primary election was re-designated to the General election and he was also informed in writing on October 30, 2005.

The previous amended filings and the miscellaneous report addressing the election cycle to date amounts should address the issue raised in your request.

This Committee has amended the report and has utilized best efforts in accordance with the guidelines provided to secure the full address and employer occupation for the contributors listed.

I hope this fully responds to your request. Please advise if you require further clarification. Thank you.

Sincerely,

Christina Morales, Treasurer
Andrews For Congress Committee
